

## **MoU Signed between NRCC, Bikaner and IISc, Bengaluru**

Today on 7 December 2022, the ICAR-National Research Centre on Camel (NRCC), Bikaner and the Indian Institute of Science (IISc), Bengaluru signed a Memorandum of Understanding (MoU) to collaborate in research & development as well as knowledge exchange. The MoU was signed by Dr Artabandhu Sahoo (Director, NRCC) and Captain Sridhar Warriar (Registrar, IISc) in the presence of scientists of both institutes. NRCC, Bikaner and IISc, Bengaluru already engaged in collaboration for the development of safer and more effective anti-snake venom. Such research collaboration will bring a significant change in the direction of the conservation of camel as well as it will promote the utility of camels in biomedical research.
